LONDON MARKET STEADY.

American Securities Fairly Active with Prices Irregular.

The London market to-day was steady improved and there was considerably more confidence in the market than for some time past. The return of confidence is largely due to the fact that there were no failures in the evening ettlement. In the department for American rail-

way securities trading was moderately active and the general tone firm. Prices were irregular, with most of the changes fractionally above the final fig-ures yesterday at New York. South Africans were a shade higher.

The Cotton Market.

The local cotton market opened steady to-day, with prices 1 to 4 points lower On covering, however, the market rallied and the whole list hardened. A bullish and the whole list hardened. A builish factor was the reports that heavy floods were imminent in Texas. Shorts were nervous. Commission houses bought freely on the raily.

The opening prices were: July, 8.41 to 8.44; August, 8.22 to 8.23; September, 7.85 to 7.86; October, 7.72 to 7.73; November, 7.63 to 7.67; December, 7.66 to 7.67; Danuary, 7.65 to 7.85; March, 7.64 to 7.65.

The Wheat Market.

Tre wheat market to-day opened frac tionally above the closing of last night in the pending test case. on strong cables. Later, however, local realizing on bulge sent prices off and sentiment was about evenly divided in

GOSSIP IN AND ABOUT WALL

OTSTER BAY, N. Y., July 26.—Nothing is known here about the protest which it was reported President Mitchell, of the United Mine Workers, would present to the President against the decision of Judge Jackson in the West Virginia injunction cases. No protest has reached Sagamore Hill. It is the understanding here that no protest will the new element which is in control the meet with the unqualified endorsement of financiers and speculators. Criticisms of the deal are heard all along the line. It is barely possible that the disapproval is inspired to some extent by the prejudice against the Northwest, begs to be excused from beking a party directly or indirectly to the impending Union Pacific-St. Paul understanding here that no protest will the new element which is in control the impending Union Pacific-St. Paul be made to the President. It is not a of that property and which is enmatter in which he can interfere at this meet with the unqualified indorse- be glad to see it go through, and detime. It is believed that the miners will invasion of Wall street by the new clares that if it could be worked out dook to the courts for a vindication of Western element has stirred things Attorney-General Knox and Secretary up in that quarter mightily, and the Moody will spend Sunday with the conservatives refuse to be reconciled

discussion going on on both sides of the and, while holding a place in the ing the rates of interest, and although Atlantic over the shipping combine and middle of the stage, is by no means call money is still abundant time the opposition that has developed to it. It is something about which the average The London market to-day was steady "tape player" knows very little and throughout. The general tone was much cares less. Take him out of the realm of railroads and industrials, and he is the time gossip gets through with it clients and friends that they will put

Keep Your Insides Cool

Here's a man who thinks he has heart disease, and is scared half to death. His face is all drawn out of shape from fear and agony. Every time he eats, his heart "palpitates"-that simply means that his stomach is swelled up with gases from fer-menting undigested food, and his heart thumps against his diaphragm. Nothing the matter with his heart In the summer time, this gas distention is much worse, his whole body and blood get over-heated, and his heart and lungs get so crowded for room, that he gasps for breath. There he

is, look at him! Every minute he expects to drop dead. As a matter of fact, all he needs is to stop that souring and gas forming in his stomach and bowels, help his digestion along, and keep cool inside. You all know that whenever something rots or decays, heat develops. Same in the body, Keep cool inside! Take a candy ca-

thartic CASCARET every night at insides, give you a regular, comfortable movement in the mora and you'll be feeling fine all day every day. Heart Disease I Fude
